

# TRELAY COURSES

community education for a sustainable future

## Booking Form for Trelay Courses

Trelay is a working community farm operating on sustainable principles. This gives visitors a wonderful chance to see how we work and what we do, but you must be aware that our projects are ongoing and may involve construction work or similar within the main farm area. If you have any queries about the work we are planning for the 2012 season, just get in touch – we are happy to help.

Name:

Address:

Post Code:

Email Address:
